

The artwork in this document is censored (The nsfw) but the conversations that me and her had are still graphic and I would recommend being 16 years or older if you're going to read this

I feel like I need to reiterate that synni is not a pedophile but a groomer she was not attracted to me for being a child. She did not date me.

She groomed me

Ughh.

Soph wanted to ask what you are and are not comfortable with sharing to the public

She hasn't shared any of your DM's with me dw just wondering on her behalf

Everything else I have to say is that I don't think that it's right that your friend chose to show your NSFW art into the public. You already went through this once and it hurts to go through it twice.

I've had this happen to me at 11 and it can be traumatizing

Hell if you were so close to this person that you wanted to MOVE IN WITH THEM that shit with sting I looked at the dates on all of the comics in bug sprays video. Most of it is old from what I can understand.

Even then, they don't have any context to it there just displaying NSFW art on screen

☁️ ÷+ EN☆ z z 1.! 11/18/2023 8:18 PM

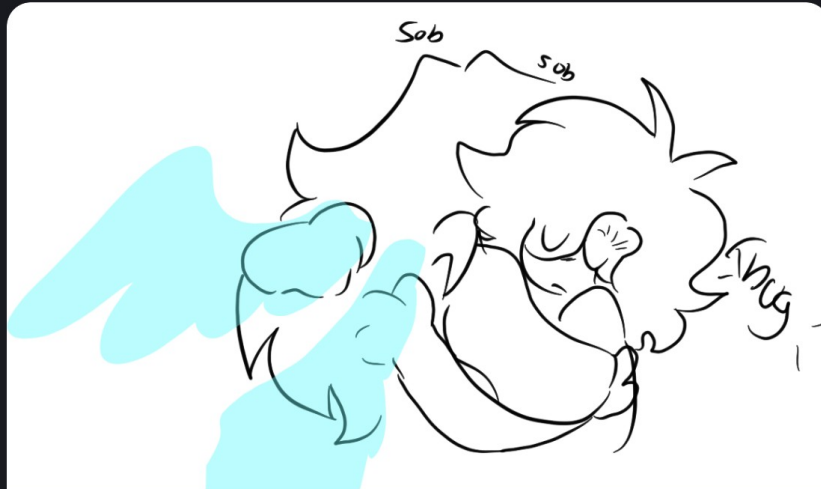

But then again, I'm not sure how you feel on this right now I'm just an outsider looking in and it is none of my business. I just hope your home situation gets better and I hope this drama goes away.

I've watched your Content for a long time and you are one of my favorite artist

I had a scenario where Boy asked Synni to stay in her room for a bit so he can take care of something <_<
 She comes down later to get a snack and Boy APPEARS and stops her like "heyy babe I thought I told u to stay upstairs." There's yelling in the bg

Boy just walks her back upstairs and brings her a snack

He just worries she'll be traumatized by seeing him hurt the guys

He knows I'm sympathetic and can't handle seeing ppl in pain, he tries to keep me away

The lighter punishments are less hiddeb

Lightest punishment is maybe Nm is being rude or loud and obnoxious. Boy just making fun of Nightmare, embarrassing him, maybe he lays/sits on him.

Nm is kinda just a brat

No if nm refuses to comply Boy just man handles him

Like Boy in that scenario made nm shower in cold water

fleshlight

Male would tear him in half if he tried that-

Yes

Hed vomit on himself, prolly become incontinent :(

There's a scenario where nm threatens to beat a staff member and then he sees Biy marching toward him-

Idk what to tell you mate

I'm not at my teaching best rn

big sis synni 06/28/2024 6:26 AM

Nm backs off the staff member and apologizes TO BOY OFC not the staff member, and Boy immediately forces him to the ground and pins him. Other staff can see this happening, it's his worst fear. Boy then breaks his arm, and nm screams so loud it can be heard across the castle and a crowd forms around him. Boy sets the bone too, and medics come through to make a splint for him. Later they make a cast and nm isn't able to write for a long while. Oops :/

Nm deserves it

Scary thought Fat male is so huge he could prolly shove Nm into his pants- could trap him between his ass cheeks LMAO

He just goes about his evening

He plays Xbox and eats hot cheetos

Boy probably does eat hot chips ngl

NOOOO AUGH

big sis synni 06/28/2024 6:13 AM

Synni: can he breathe?

Male: i can feel him breathing don't worry

Nm: *dying and can't yell anymore*

I work weekends

Boy would probably regularly fart on nm just cuz he hates him

I'm free Tuesdays and Wednesdays

Cries at u

big sis synni Boy would probably regularly fart on nm just cuz he hates him

big sis synni 06/28/2024 6:15 AM

Boy prolly burps in his face too

He hates nm so much

One time he scared nm so bad he hid in the bathroom. And instead of pulling him out and beating his ass like he **WOULD** he leaves him there. The next morning he finds nm asleep in the bathtub and turns the shower on lmao

Boy keeps touching him, forcing him against the wall, and if Nm yells for help or says no or refuses to comply Boy would hit him.

Nm actually starts crying at some point and Boy makes fun of him. Since nm thinks he's big and tough enough to take advantage of his staff yet he'll cry when Boy treats him the same.

PFFT

Indeed

Boy is so evil rn I'm imagining nm and his men jump whenever they hear a slap sound

No one wants to turn their back toward Boy

Spank

The staff don't have the heart to laugh at them

He acts out a lot

He still has his king position but Boy heavily monitors him and makes sure he actually does his job.

♥ big sis synni ♥ 06/28/2024 5:59 AM

He like, hovers over Nightmare's shoulder as he's trying to sign paperwork

I would share my rp shit cuz there's a Lotta juice in there

But alas

I normally don't but I started an rp with brother based off this au

It's SEXY

Boy once threatened to pull nm to his throne and beat him in front of his staff, and when Nightmare challenged him he immediately regretted it.

Boy didn't actually but he did drag him out of his room and nm whined and begged him not to (edited)

Fix*

Out* not put

Nm whined and cries a lot when dealing with Boy

Get bent. Over the counter-

Not really

Its concerning-

Nm talks a lot of shit until Boy *stands up and approaches him*

Nah nm is such a coward

♥ big sis synni ♥ 06/28/2024 6:06 AM

I have a scenario

Nsfw is lewd. Ya ding dong

Draw what u want. Just no PORN

A staff member gets in BIG trouble with nm and nm is soooo angry. However he sees Boy is watching him from afar and he's too scared to threaten her in front of Boy. He tells her to leave and she does. But then : (he tells his henchmen to go find her when she's taking a shower and "make sure the lesson sticks." Which Boy finds out about and stops them right before they follow her into the staff bath area.

Yes, he's awful to Mira

i was quoting something

the henchmen boys are left to their own devices and make a plan to escape the castle. they do this by splitting up and charging multiple exits. Dust leads this operation and *shockingly* it doesn't work, he gets caught almost instantly and the others don't do much better. They're all taken to a secluded room, there's a few book shelves and a couch. (optionally Boy can bring Nightmare here too, despite not being involved) once they're all gathered, the henchmen are sat on the floor across from Boy whose in front of the couch. Boy lectures them for being stupid and asks who orchestrated this nonsense cuz clearly someone had the idea first and directed the other's. Everyone sorta passively rats out Dust, who is now shaking. Boy grabs him by his jacket and stands him up in front of everyone. "so this is your 'leader', eh? this is who you choose to follow? look where that led you." and then also 🤔 "When the group fails, the leader is the one whose truly at fault. So watch carefully..." and thus he bends Dust over the arm of the couch and beats the shit out of him in front of everyone. they're told to just sit and watch, and if they try to intervene Boy will have a clone hold them down. He continues this until Dust is crying uncontrollably. Boy lifts him back up and holds him by the hood so everyone can see his face and how much of a mess he is. He tells them to take a good long look at him. Next time they think about pulling this shit he wants them to think of what happened to Dust. He throws him to the ground with the rest of them. proly kicks him in the ass for good measure and sends them all to their rooms.

i back

ok so

we're in Nightmare's castle after Boy's takeover

Boy is constantly monitoring Nm and his henchmen, but he does so with his cloning ability. I figure when there isn't much going on, the clones will kinda space out, so more attention can go into whatever the main boy is doing.

anyway uh

synni 02/21/2024 8:12 PM

So Boy and Nm are in Nm's study. Nm has work he needs to do and Boy is there to make sure no funny business is going on. There's like a window sill-bench sorta thing in the study and Boy is chilling in while Nm signs papers. At some point Boy just closes his eyes, relaxin, and Nm mistakes this as Boy falling asleep and decides to be sneaky. On the paper he's signing he writes a note in the corner saying Boy is a monster and he needs help escaping or he might die. As he's writing that, Boy says "I don't think you're doing what you're supposed to." like right next to Nm, no longer at the window.

synni 02/21/2024 8:20 PM

Boy says "It's too bad you have to rewrite this whole paper now." Nm starts shaking, thinking Boy is gonna hurt him. "I'll just use white-out." he says, "HA! No. No you're not. You're gonna rewrite it." He takes the paper away, crumples it up, and throws it across the room. Nm gets up to grab it and throw it away but Boy stops him and tells him to sit tf down and get to writing that paper. Nm says he just wants to throw it in the trash but Boy straight up doesn't trust him.

synni 02/21/2024 8:33 PM

and because NM is pressing back, Boy gets *violent* and throws him back into his chair and pushes him into the desk.

so he's in trouble rn tee hee

tie him up and handcuff him and put the key up his butt-

synni 02/28/2024 1:47 AM

well that's just inefficient. key needs to be on hand. but I do like the
handcuff idea. 🐼

they handcuff him to the bedframe, face down so they can do stuff
behind him. 🤔

i back

ok so

we're in Nightmare's castle after Boy's takeover

Boy is constantly monitoring Nm and his henchmen, but he does so with his cloning ability. I figure when there isn't much going on, the clones will kinda space out, so more attention can go into whatever the main boy is doing.

anyway uh

synni 02/21/2024 8:12 PM

So Boy and Nm are in Nm's study. Nm has work he needs to do and Boy is there to make sure no funny business is going on. There's like a window sill-bench sorta thing in the study and Boy is chilling in while Nm signs papers. At some point Boy just closes his eyes, relaxin, and Nm mistakes this as Boy falling asleep and decides to be sneaky. On the paper he's signing he writes a note in the corner saying Boy is a monster and he needs help escaping or he might die. As he's writing that, Boy says "I don't think you're doing what you're supposed to." like right next to Nm, no longer at the window.

synni 02/21/2024 8:20 PM

Boy says "It's too bad you have to rewrite this whole paper now." Nm starts shaking, thinking Boy is gonna hurt him. "I'll just use white-out." he says, "HA! No. No you're not. You're gonna rewrite it." He takes the paper away, crumples it up, and throws it across the room. Nm gets up to grab it and throw it away but Boy stops him and tells him to sit tf down and get to writing that paper. Nm says he just wants to throw it in the trash but Boy straight up doesn't trust him.

synni 02/21/2024 8:33 PM

and because NM is pressing back, Boy gets *violent* and throws him back into his chair and pushes him into the desk.

so he's in trouble rn tee hee

I came back with some blankets and pillows

Boy watched with a mixture of curiosity and trepidation as she returned carrying blankets and pillows, unsure of what she had in mind but dreading the worst. He sat up on the bed, watching her carefully as she approached him.

"What... what are you going to do with those?.."

He asked softly, his voice trembling slightly with anxiety.
